

# Sony Virtuoso™ Apprentice Digital Language Learning System

## The Virtuoso of Teaching Tools

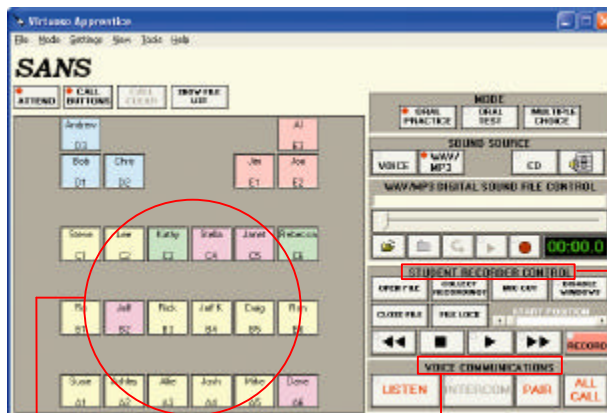

The Virtuoso Instructional Control Software interface is designed to make it easy for any instructor to use. As illustrated below, key functions are readily accessible on-screen so that the teacher's focus remains on teaching, while the Virtuoso, software easily delivers course content, enables interactivity, and provides classroom control.

**Virtuoso™ Apprentice** is an entry level all digital language lab. At this level, the full featured Sony Soloist Digital Comparative Recorder is incorporated. For the teacher, additional control is added and students have the ability to work together in pairs to develop their skills.
